(ii) whether some or all of the functions of an agency, a component, or a program are redundant, including with those of another agency, component, or program;

(iii) whether certain administrative capabilities necessary for operating an agency, a component, or a program are redundant with those of another agency, component, or program;

(iv) whether the costs of continuing to operate an agency, a component, or a program are justified by the public benefits it provides; and

(v) the costs of shutting down or merging agencies, components, or programs, including the costs of addressing the equities of affected agency staff.

(e) In developing the proposed plan described in subsection (c) of this section, the Director shall consult with the head of each agency and, consistent with applicable law,
with persons or entities outside the Federal Government with relevant expertise in organizational structure and management.

(ii) the functions of the Director relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
